

型号含义 Type description

技术参数 Technical date

Table with 6 main columns: Product Type, Rated transformation ratio(A), Accuracy Classes combination, Accuracy class and rated output (VA) COS φ=0.8, 1s thermal current (kA), and Rated dynamic current(kA). It lists specifications for LMZJ1-10 across different ratios (1500/5, 2000/5, 3000/5) and accuracy classes (0.5/10P15, 10P15/10P15).

注：用户如有特殊要求可与我公司协商确定。Note: any special requirements can be negotiated with us.

外形及安装尺寸 Overall dimension drawing

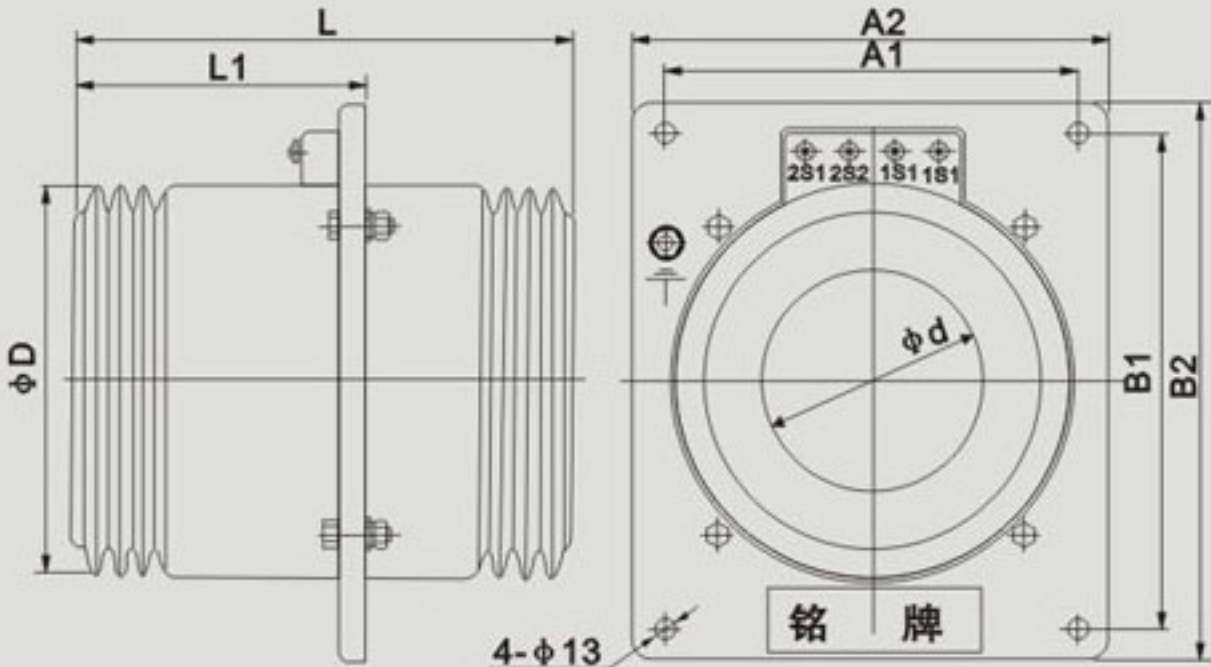

Table with 9 columns: 一次电流(A), φD, φd, L, L1, A1, A2, B1, B2. It provides dimensions for two current ranges: 1500~2000A and 3000A.
